A Message from our St. Mark's Wardens

Dear members of St. Mark's,

In response to the increase in coronavirus cases in Canada, the wardens and Tim have met to discuss the closing of St. Mark's. This was a difficult decision but we have agreed that in addition to the worship services, the St. Mark's building will be closed effective immediately until April 8, 2020. This includes all church-related meetings and activities, as well as any outside groups who use our building. All groups will be notified as soon as possible. Access to the building will be restricted and the doors will be locked. This decision was made to protect those among us who are most at risk and to limit exposure for our community at large. Please be reassured that the telephone will be monitored frequently - please call the church at (519) 752 - 6451 and leave a message. We will endeavour to update the congregation on a regular basis and await further direction from the Diocese of Huron.

Peace and blessings.

Neil Dunning and Christine Hazell (wardens);
Brenda Cochrane and Sharon Bliss (deputy wardens)
